

**Sponsor A Horse – Of Course!**

Our Sponsorship Program is for people who want to become more involved in a horse's life and help us continue our rescue efforts. The majority of the rescued horses are in need of special care, from extra feed and fat/vitamin supplements to extra veterinary care and special farrier services. Maintaining and caring for these horses is a very time consuming and expensive endeavor. Most spend months at the farm so we can be sure their physical health condition is managed and, in the cases of mental and training problems (stemmed from being in the abusive or uneducated hands) many can be brought up to a normal, less frightened existence.

Each day we come across new cases and would love to rescue more horses in need, but we need your support. We take sponsors seriously, so we ask that once you decide to become a sponsor, you also take this commitment seriously. *Please do not take on more of a commitment than you can afford.*
